State Summary of Library Statistics

Each year the State Library sends annual report forms to California's academic, public, special, state agency and county law libraries. Statistical data from those reports are tabulated in this publication, with directory listings published in the companion volume, California Library Directory. Although the statistics program and these publications are promoted as widely as we can, participation for most is voluntary (public libraries are required by the Education Code to report annually to the State Librarian) and some choose not to do so. This makes the state summary less than complete. Libraries failing to return the report form two years in a row are dropped from the free publications distribution list. California cooperates with the National Center for Education Statistics in the collection of uniform library statistical data nationwide.

For fiscal year 1987-1988 we have reports from 895 libraries. We estimate there are at least 1,200 libraries in operation in California, exclusive of school libraries, so data in these publications are about 75% complete. By type of library, the number reporting are:

169 public libraries with 2,887 public service outlets. By jurisdictions, there are 47 county, 106 city, five combined city-county, and 11 district public libraries. By level of service, there are:

163 main libraries. Administrative headquarters are not included, and some county or district libraries have no main library.

601 branch libraries. A branch is an extension library open some part of each of five days a week, has at least 1,400 square feet of floor space, a general book collection of at least 7,000 volumes, and is staffed with the equivalent of at least one librarian and one clerical employee during hours open for service.

338 library stations. A station is a library structure smaller than a branch, providing a lower level of service.

1,785 mobile library stops. A mobile library stop is a location visited by a bookmobile or other traveling library. There are 75 mobile libraries in operation this year.

Combining main, branch and station figures, there are 1,102 fixed public library outlets.

Emeryville and Piedmont are included with Oakland.
Glenn County is served by Orland and Willows city libraries.
Hillsborough is served by Burlingame and San Mateo city libraries.
Mariposa Co. is included with Tuolumne Co.
Santa Barbara Co. is served by the three city libraries of Lompoc,
    Santa Barbara and Santa Maria.
Sierra Co. is included with Plumas Co.

197 academic libraries:

29 state supported academic libraries.

102 community college libraries.

66 private academic libraries.

471 special libraries:

32 legal libraries.

78 medical libraries.

131 libraries operated by for profit organizations.

74 libraries operated by non-profit organizations.

20 popular libraries at U.S. armed forces installations.

16 special libraries at U.S. installations.

49 resident libraries at state institutions and schools.

41 special libraries at state government offices.

30 branch libraries of academic institutions.

58 county law libraries.

Included under special libraries are 50 operated by the federal government and 108 operated by the state government.

In the State Summary table that follows, the current year plus the two preceding years are shown. Figures are presented in thousands, except for Staff FTE in units.

Public Library Systems

California's 15 cooperative public library systems are organized under the California Library Services Act (CLSA), most as joint powers agencies. They are governed by Administrative Councils made up of the directors of the member public libraries, aided by System Advisory Boards representing the public served. Most systems employ a Coordinator/Director and support staff. They maintain a communications system of telephone and, typically, electronic mail, direct distance dial units, or FAX. Either through system vans or by contract with member libraries, they provide regular delivery service for exchange of materials. One or more system reference centers, housed in the larger libraries, are supported for second level referral of questions individual libraries are unable to answer. Systems are supported by a combination of local membership fees and reimbursements, state CLSA program grants, and project awards of federal Library Services and Construction Act (LSCA) funds. Most systems have associated intertype library networks or affiliated academic and special library members.

The public library systems are:

CLSA Program allowances. Total state award to the system under the CLSA funded programs listed.

LSCA Program grants. System administration is a CLSA component not presently funded under the Act. To aid systems in a demonstration of the costs of planning, coordinating and evaluating the CLSA programs, awards of federal LSCA funds have been made. System awards and other program grants to systems are included.

Total system programs. Expenditure for reporting year from CLSA, LSCA, local and other funds for all programs of the system. Estimates for current year from system budgets.

Public Libraries

California's 169 public libraries are departments of local government: city, county and special district. They vary widely in size and strength, from the City of Vernon with 80 residents to Los Angeles with more than 3 million, and cover the state with a network of branch libraries, bookmobiles and other extension services. Most participate in cooperative library systems comprising all the public libraries in a county, or several adjacent counties, offering equal access and sharing of resources among all residents. Address listings may be found in the companion volume, California Library Directory.

Public libraries are grouped into seven categories by size of population served:

Group 1	over 200,000 population
Group 2	100,000 to 200,000 population
Group 3	75,000 to 100,000 population
Group 4	50,000 to 75,000 population
Group 5	30,000 to 50,000 population
Group 6	15,000 to 30,000 population
Group 7	under 15,000 population

For each size group there are nine tables:

Table 1, Profile	Population, system, staffing
Table 2, Income	Local revenue, state allocations
Table 3, Expenditure	Materials, salaries, total
Table 4, Special	AV, literacy, PLF
Table 5, Collections	Print, microform, audiovisual
Table 6, Activities	Circulation, ILL, reference
Table 7, Services	Outlets, programs, weekly measures
Table 8, Children	Population, materials, programs
Table 9, Salaries	Current year data

Data on the following tables are taken from annual reports submitted to the California State Library. Preliminary tables were compiled from these reports and published as California Public Library Statistics, Advance Edition. Additions and corrections received from libraries up to the cut off date are incorporated in the tables in California Library Statistics, which supersede those of the Advance Edition.

"Profile", continued

Population. Population served by the library jurisdiction, estimate for January 1, 1988, certified by the State Library. Figures are drawn from the Population Research Unit of the State Department of Finance and are intended to represent as accurately as possible the actual number of persons served and taxed for service, with no persons counted twice or credited to more than one library. Many county libraries are not credited with the entire county population, for their boundaries contain cities or districts independently supplying service. District libraries typically serve an unincorporated area larger than their central city. A few municipal libraries serve unincorporated county areas under contract with the county.

Borrowers. Number of persons registered with the library for circulation and other services. May exceed the certified population of the library jurisdiction, in which case the larger borrowers figure is used in computing per capitas.

Area sq. mi. Area of jurisdiction served by library in square miles.

Total outlets. Total number of public service outlets including fixed building outlets and number of stops by any mobile library.

Staff count. Total count of persons employed full-time and part-time, paid from library budget, as of June 30, reporting year. Number cannot be a fraction.

Librarian FTE. Number of persons reported working as Librarian, with or without MLS degree, expressed in full-time equivalent (FTE). Full-time is normally 40 hours per week, but not less than 36. Includes library director.

Total FTE. Total full-time equivalent of all persons paid from library budget, including Library Director, Librarians, support staff, student pages and all part-time help. Excludes contract, maintenance and security staff.

Table 2, "Income"

Local operating. Total income available for operating expenses (not capital outlay), from local sources, including property tax, city or county allocation, and transfer from reserves or beginning balance.

State operating. Total income available for operating expenses from state sources: CLSA and PLF.

Total operating. Total income available for operating expenses from all sources, local, state and federal.

Capital outlay. Income for capital outlay items, including sites, buildings, vehicles and equipment over $200.

"Income", continued

Special district. Amount from Special District Augmentation funds available to counties and special districts.

Local approp. Local revenue appropriated for the year by the jurisdiction, as reported on the Public Library Fund Certification, on October 31. Possible later changes in appropriation are not considered. This figure is not derived from the Public Library Report. (Note that through inclusion on the PLF Certification of amount for facility maintenance and administration, even though not included in library budget, the figure for Local Revenue Appropriated may in some cases be larger than that for Total Operating Income.)

State allocations: CLSA. State funds allocated to the jurisdiction under the California Library Services Act for transaction based reimbursements.

State allocations: PLF. State funds allocated to the jurisdiction under the Public Library Fund.

Table 3, "Expenditure"

Library materials. Expenditure for all library materials: books, periodicals, microforms, audiovisual materials. Excludes supplies, binding and materials leased on contract.

Salaries, benefits. Expenditure for staff salaries and benefits of administration and library service personnel. Excludes maintenance and security staff paid from budget.

Total operating. Materials, salaries, operations, contract services, transfers, payments. Excludes capital outlay and transfer to reserves.

Capital outlay. Expenditure for capital outlay items: equipment over $200, sites, buildings, remodeling, vehicles, etc.

Grand total expenditure. Operating expenditure plus capital outlay and allocation to reserve.

Table 4, "Special"

This sum is divided by the population served, (or by the number of registered borrowers, if greater), for an expenditure per capita.
